New Hebron Attendance Center
Local School Wellness Policy

Rationale:

The link between health of students and learning is well documented. If children are to be successful in school they cannot be tired, hungry, sick, suffering from drug abuse, or worried that school is an unsafe environment in which they could become a victim of a violent act. It has become apparent that problems such as poor nutrition, lack of physical activity, substance abuse, depression, teen pregnancy, obesity, bullying, and more — can adversely affect not only a child’s health, but also his or her ability to learn! And that is precisely why a coordinated approach to school health can make a difference! A coordinated approach to school health improves kids’ health and their capacity to learn through the support of families, schools, and communities working together. At its very core, a coordinated approach to school health is about keeping students healthy over time, reinforcing positive healthy behaviors throughout the school day, and making it clear that good health and learning go hand in hand.

Goal:

All students in New Hebron Attendance Center shall possess the knowledge and skills necessary to make healthy choices that promote healthy lifestyles. All staff in New Hebron Attendance Center are encouraged to model healthful eating and physical activity as a valuable part of daily life.

To meet this goal, the New Hebron Attendance Center adopts this school wellness policy with the following commitments to implementing a coordinated approach to school health. This policy is designed to effectively utilize school and community resources and to equitably serve the needs and interests of all students and staff, taking into consideration differences in culture.

Commitment to Food Safe Schools

The New Hebron Attendance Center will:

- Implement a food safety program based on HACCP principles for all school meals, as required by the U.S. Department of Agriculture and the Mississippi Department of Education, Office of Child Nutrition Programs and ensure that the food service permit is current for the school site.
- Develop a food safety education plan for all staff and students, consistent with Fight Bac® (www.fightbac.org) and other national standards for safe food handling at home and in school.
- Ensure that all staff have viewed the video developed by the Office of Healthy Schools to support food safety on the school campus. For compliance with the Nutrition Standards all staff must complete and sign pre and post test developed by the Office of Healthy Schools and maintain documentation of completion. The video and Pre/Post Test can be downloaded at: http://healthyschoolsms.org/ohs_main/instructionalvideo.htm.
- All school personnel (school board members, administrators, teachers, school nurses, instructional and health services paraprofessionals, foodservice staff, custodians and facilities managers, and administrative support staff) will receive copies of the Local School Wellness Policy to include food safety policies and procedures and relevant professional development. Examples of professional development include, but are not limited to, the video developed by the Office of Healthy Schools and Eating Safely at School, (http://schoolhealth.nsba.org/site/docs/42400/42324.pdf) developed by the National School Boards Association.
- Adequate access to hand washing facilities and supplies will be available whenever and wherever students, staff, and families prepare, handle, or consume food.
- The food safety assurance plan must address strategies that minimize risks for students and staff who have food allergies and intolerances.

Commitment to Physical Activity/Physical Education

The New Hebron Attendance Center will:

- Provide 150 minutes per week of activity-based instruction for all students in grades K-8 (in accordance with Section 37-13-134, Mississippi Code of 1972, ann., reference 2004 Mississippi Public Schools Accountability Standards 32, Appendix B and 33).
- Kindergarten students will participate in physical activity for a minimum of 40 minutes per school day. The 40 minutes does not have to take place continuously. This time should be used to help the child increase the skills involved in physical coordination (Kindergarten Guidelines).
- Provide Physical Education/Activity in accordance with the Physical Education Rules and Regulations as approved by the State Board of Education in compliance with the Mississippi Healthy Students Act (State Board of Education Policy 4012).
- Require fitness testing for all 5th grade students.
- Offer a planned sequential program of physical education instruction incorporating individual and group activities, which are student centered and taught in a positive environment.
• Instruction must be based on the 2006 Mississippi Physical Education Framework.
• Implement the requirements of the Mississippi Healthy Students Act of 2007 (Senate Bill 2369).
• Participate in a bi-annual fitness test for all students (e.g., Fitness Gram®
  www.fitnessgram.net/ or President’s Challenge to Physical Fitness
  www.presidentschallenge.org).

  Physical activity resources can be downloaded at

Commitment to Comprehensive Health Education

The New Hebron Attendance Center will:
• Implement the requirements of the Mississippi Healthy Students Act of 2007, which
  requires 45 minutes per week of health education instruction as defined by the State Board
  of Education for grades K through 8.
• Integrate Health Education into other subject areas (www.healthyschoolsms.org-Health in
  Action).

Commitment to a Healthy School Environment

The New Hebron Attendance Center will:
• Ensure that there are no pad locks or chains on exit doors; exits should never be obstructed
  (in accordance with Mississippi State Fire Code). Ensure that all exit signs are illuminated
  and clearly visible.
• Ensure that all chemicals are stored properly (in accordance with the Material Safety Data
  Sheet www.mdssearch.com).
• Refer to the U.S. Consumer Product Safety Commission's Handbook for Public
  Playground Safety (www.cpsc.com); for federal guidelines for playground safety.
• Ensure that fire extinguishers are inspected each year and properly tagged.
• Complete yearly maintenance of the heating and cooling system in your school; check
  coils, filters, belts, etc. in order to maintain safe operation and healthy air quality.
• Conduct at least one emergency evacuation drill per month.
• Ensure that two means of egress are available in each classroom in case of an emergency; if
  there is only one door, designate a window (properly sized) as a means of egress.
• Never use extension cords as a permanent source of electricity anywhere on a school
  campus.
Comply with the applicable rules and regulations of the State Board of Education in the operation of its transportation program (in accordance with the MS Code 37-41-53; State Board of Education Policies 7903, 7904, and 7909; and Accreditation Standard #35).
- Inspect all buses on a quarterly basis and ensure that they are well maintained and clean.
- Require that all bus drivers have a valid bus driver certificate and a commercial driver's license and operates the bus according to all specified safety procedures. Maintain a record of yearly motor vehicle reports on each bus driver and evidence that each driver has received two hours of in-service training per semester. (SB Policy 7903)
- Ensure arrival of all buses at their designated school sites prior to the start of the instructional day.
- Conduct bus evacuation drills at least two times each year. (SB Policy 7904)
